GENERAL AND REVENUE SECRETARIAT.

Serial Nos. 142

Part B for July 1937

SUBJECT.

Appointment of full time Directors of Sandalwood Oil Factories.

WD 0418—GPB—22,500—29-8-36

Serial No.

Department of Industries and Commerce and Sandalwood Oil Factory.

Proposals for Reorganisation.

1) Since the reorganisation of the Department of Industries and Commerce in 1922, its work has expanded in several new directions. The Department of Sericulture, which was formerly under the administrative control of the Director of Agriculture, has been transferred to the Department of Industries and Commerce. The whole-time appointment of Director of Sandalwood Oil Factory has been kept in abeyance and the duties of that post are being performed by the Director of I.& C. The number of commercial and quasi-commercial State concerns has increased and although other arrangements have been made for the supervision of some of them, the Director is still directly responsible for the management of several important undertakings. The annual expenditure on such undertakings (excluding the Sandalwood Oil Factory) is over Rs.14 lakhs.

2) New duties have devolved on the Department as a result of the recent Factory and Labour Legislation and in connection with the administration of the Boilers Regulation, the Weights and Measures Regulation, the Cotton Ginning and Pressing Factories Regulation, the Patents and Designs Regulation, etc. The work of the Commercial Section of the Department has increased owing to the marketing surveys which have been undertaken at the instance of the Government of India.

NOTE—Contn. Sheet.

All

(2)

File No. of 193 . | General and Revenue Secretariat

Serial No.

3 : All this time, except for a few extra hands sanctioned for marketing survey work, the strength of the staff has remained almost the same as in 1922; while, as stated already, the post of Director of Sandalwood Oil Factory has been left unfilled.

4) It is scarcely possible for a single head of a Department to manage the S.O.F. and other departmental concerns efficiently and at the same time devote adequate attention to the varied and growing work of the Department. The industrial concerns have special problems of their own which demand constant study and vigilance. On the other hand, the development of organised minor industries and the supply of commercial intelligence to the public are assuming a degree of importance in these days which makes it undesirable that they should receive only a limited share of the time and attention of an overworked Director.

5) The revival of the separate post of Director Sandalwood Oil Factory seems to be unavoidable in these circumstances. This officer may be entrusted also with the charge of the following concerns, viz.,

(1) The Soap Factory, Bangalore.

(2) The Industrial and Testing Laboratory, Bangalore, (including the Pharmaceutical, Bitumen and Lac sections).

(3) The Silk Filature and Weaving Factory, Mysore.

6) The Director, S.O.F. whose headquarters will be at Mysore will also be Vice President of the Dasara Exhibition Committee. Owing to his special qualifications and experience, Mr. Sastry, whom it is intended to appoint to this post, may be asked to devote attention

Serial No.

to the development of chemical industries in the State.

7/ Mr. M.S. Ramachandra Rao may be selected for the post of Director of Industries and Commerce. He will be in charge of the remaining work of the Department consisting of the following main items:-

(1) Assistance to private enterprise in the erection and maintenance of industrial installations;

(2) Grant of financial aid under the Industrial Loan Rules;

(3) Industrial and technical education;

(4) Posts and Telegraphs, including license for Wireless Receiving and Transmitting Stations;

(5) Review of the annual trade of the State;

(6) Industrial and commercial enquiries and investigations;

(7) Study of labour problems and administrations of Regulations affecting labour;

(8) Administration of special regulations, viz., those pertaining to

(i) Weights and Measures,
(ii) Patents and Designs,
(iii) Examination of Boilers.

(9) Department of Sericulture.

10) Other industrial concerns under the control of the dept

8/ The pay of the Director of Industries and Commerce is now fixed at Rs.1,000-50-1,200 if he is an officer of the Department and in the case of a Deputy Commissioner, his grade pay plus Rs.100. The pay to be given to the future incumbents of the offices in question may be settled at a meeting of the Council.

9/ The Director, S.O.F. and the Director, I. & C. may in consultation with each other, submit proposals for any readjustment of staff that may be necessary in con-

16 The proposal is to appoint an extra officer on Rs.1000-50-1200 for the Industries Department involving an extra recurring expenditure of Rs. ~~1,560~~ 13600/- per annum. The creation of this post will involve the creation of additional clerical and menial posts also, leading to further extra recurring expenditure. The details ~~and~~ thereof and the total expenditure involved by it have not been given. The Budget position is not yet satisfactory and Government had to adopt temporary expedients to balance the Budget, and there is no scope for permitting increase in the existing level of expenditure, particularly recurring expenditure. Corresponding savings in other items of recurring expenditure have not been pointed out as required in Circular No.Fl.353-412/G.F.315-35-2 dated the 17th July 1936. There is also no provision for the purpose in the next year's Budget. The proposal cannot also be regarded as emergent and not deferrable. It is therefore not financially acceptable.

17 Several new items of expenditure have been sanctioned during the current year, rather freely, and the total extra expenditure on these items amounts to a considerable sum. If further large expenditure (particularly recurring expenditure) is permitted and new appointments are created, without any reference

NOTE—Contn. Sheet.

WD 02220—GTB—1,000—22-2-37

File No. of 193 . | General and Revenue Secretariat

Serial No.

to to the resources available, the financial position of the State will get worsened. It is therefore necessary to avoid additions to the existing level of expenditure (particularly recurring expenditure) as far as possible, in the financial interests of Government.

18 The Retrenchment Committee of 1931 have stated that it would be a great advantage in several respects, and not least from the stand-point of economy, to co-ordinate the activities of the Co-operative and Industries Departments, and that these two departments might be combined under the administrative charge of a single officer. Last year, an officer of the status of the Head of a department was appointed for being in charge of the Iron Works and some other industrial concerns. The question of appointing an extra Secretary to Government, to enable the Development Secretary to pay more attention to the development (of) of industries, is also separately under consideration. By a suitable redistribution of the work among these officers, it may not be impossible to manage all work relating to the Industries Department with the existing officers, and without creating new appointments. As per proposed distribution of work, the new Director will not have sufficient work. Even if it is considered necessary to put a senior officer in direct charge of the Sandal Oil Factory and other concerns, this could be arranged for by the creation of a post of Deputy Director under the general supervision of the Director.

Serial No.

19 The Retrenchment Committee of 1931 have stated that the post of Superintendent, Commercial Intelligence may be abolished. This post is still continuing, and in addition, a temporary post of Marketing Survey Officer has been created. Mr. Parthasarathy, who was formerly in charge of the Sandal Oil Factory, is also working in the Director's Office as an Assistant (in addition to the supervision work in the Industrial and Testing Laboratory). When there are a large number of officers in the department, the creation of an extra post is not desiraole. Even if a higher post is considered necessary, a post in the lower grade should oe abolished.

20 According to the present order, if a Deputy Commissioner is posted as Director of Industries Department, he will get his grade pay as Deputy Commissioner, plus a Duty Allowance of Rs.100, and Rs.200, out of his pay, is being charged to the Sandal Oil Factory. After the transfer of the Sandal Oil Factory and other concerns, to a separate officer and of the Sri Krishnarajendra Mills to another officer, the work of the Director of Industries and Commerce will be considerably reduced, and the need for a Duty Allowance is not clear. The Deputy Commissioner, working as Director of Agriculture, is not allowed any Duty Allowance, and I would suggest that the Duty Allowance to the Director of Industries Department may ~~also~~ be discontinued.

Second Member of Council. 31 Nil 14/6/37

Final Note by the Second Member of Council.

Subject.—

Appointment of full time Director of Sandalwood Oil Factories.

1) These papers relate to the question of appointing a whole-time officer for the post of Director, Sandalwood Oil Factories, and entrusting that officer with the charge of some of major industrial concerns of the Department of Industries and Commerce. The considerations upon which the proposal is made are set out in my minute dated 10th June 1937 to which gracious reference is invited. The duties of the Department of Industries and Commerce have increased considerably since its reorganisation in 1922 as the result of (a) the establishment of new concerns under departmental management, (b) the passing of new enactments in connection with the inspection of factories and boilers and regulation of the conditions of labour, (c) the addition of the Department of Sericulture and (d) the abolition of the separate post of Director of Sandalwood Oil Factories which for many years was held by a senior officer.

2) Now that the development of minor organised industries, including cottage industries is receiving, as it should, a great deal of attention (not only in Mysore, but throughout India), it is considered desirable to relieve the head of the Industries and Commerce Department of the charge of Sandalwood Oil Factory, the Soap Factory, the Industrial and Testing Factory, the Silk Weaving Factory and Filature and entrust these to a separate officer and at the same time make him responsible for the development of chemical industries. For this post, it is proposed to retain Mr. S.G. Sastry on his present scale of pay as acting Director of Industries and Commerce. Mr. M.S. Ramachandra Rao may be appointed as Director of Industries and Commerce on his own grade pay as Deputy Commissioner, without any allowance.

3) Whether Sericulture should be under Mr. Sastry or the new

Director of Industries and Commerce will be further considered suggested by the Dewan in his minute dated 11th June 1937.

Pages 5-7 Ilkinara

4) 35 The Financial Secretary has pointed out that the proposal involves an additional recurring expenditure of Rs.13,600 per annum and is unacceptable from a financial point of view. It has, however to be stated that the post of Deputy Director of Sandalwood Oil Factories on Rs.800 is now vacant and that if the savings on this account are taken into consideration, the additional cost will not be appreciable.

5) 36 The Financial Secretary also invites reference to the suggestion of the Retrenchment Committee that the offices of Director of Industries and Commerce and Registrar of Co-operative Societies might be combined. This suggestion was made as an extreme measure of retrenchment at a time of acute financial stringency and cannot be regarded as a suitable or satisfactory arrangement for normal times.

6) 37 The Dewan and the First Member of Council have concurred in the proposal explained above and I solicit His Highness' gracious sanction to the same.

ORDER NO.38-39/ES 17-37-1

Dated, Bangalore, the 7th July 1937.

I. Since the re-organization of the Deptt. of Ind. & Com. in 1922, the duties of the Head of that Deptt. have increased considerably in several directions, as a result of the establishment of new concerns under departmental management, the passing of new enactments in connection with the inspection of factories and boilers and regulation of the conditions of labour, the addition of the Department of Sericulture and the abolition of the separate post of Director of S.O.F. which for many years was held by a Senior Officer. Experience has shown that it is not possible for ~~a single head of a Deptt.~~ one officer to manage the S.O.F. and other departmental concerns efficiently and at the same time devote adequate attention to the varied and growing work of the Department. While the industrial concerns have special problems of their own which demand constant study and vigilance, the development of organised minor industries and the supply of commercial intellegence to the public are assuming a ~~degree of~~ increased importance ~~which makes it desirable that they should receive more time and attention than could be spared by an overworked Director~~.

2. In the circumstances, Govt. consider it necessary that the Director of I. & C. should be relieved of the charge of some of

the concerns so as to enable him to give adequate attention to the other items of work of the Department. Government accordingly direct that the separate post of Director of S. O. F. be revived and that this officer be placed in charge of the following concerns:-

(1) The Sandal Oil Factory, Mysore.

(2) The Soap Factory, Bangalore.

(3) The Industrial and Testing Laboratory, Bangalore, (including the Pharmaceutical, Bitumen and Lac sections)

(4) The Silk Filature and Weaving Factory, Mysore.

He is requried to devote special attention to the development of chemical industries in the State. His headquarters will be at Mysore and he will also be the Vice-President of the Dasara Exhibition Committee.

4. Government Notification No. D. 6730—I. & C. 485-27-10, dated 28th December 1928, appointing the Director of Industries and Commerce as Commissioner under the Workmen's Compensation Regulation, for the Bangalore City, and also authorising him to receive reports from the other Commissioners and submit a consolidated annual report to Government regarding the working of the Regulation throughout the State.

5. Government Notification No. 2268—C. B. 88-30-2, dated 27th November 1930, placing the Director of Industries and Commerce in additional charge of the Office of the Director of Sandal Oil Factory.

ORDER No. 38-39—C. B. 17-37-1, DATED BANGALORE, THE 7TH JULY 1937.

Since the reorganization of the Department of Industries and Commerce in 1922, the duties of the Head of that Department have increased considerably in several directions, as a result of the establishment of new concerns under departmental management, the passing of new enactments in connection with the inspection of factories and boilers and regulation of the conditions of labour, the addition of the Department of Sericulture and the abolition of the separate post of Director of Sandal Oil Factory which for many years was held by a senior officer. Experience has shown that it is not possible for one officer to manage the Sandal Oil Factory and other departmental concerns efficiently and at the same time devote adequate attention to the varied and growing work of the department. While the industrial concerns have special problems of their own, which demand constant study and vigilance, the development of organised minor industries and the supply of commercial intelligence to the public are assuming increased importance.

2. In the circumstances, Government consider it necessary that the Director of Industries and Commerce should be relieved of the charge of some of the concerns so as to enable him to give adequate attention to the other items of work of the department. Government accordingly direct that the separate post of Director of Sandal Oil Factory be revived and that this officer be placed in charge of the following concerns :—

(1) The Sandal Oil Factory, Mysore.

(2) The Soap Factory, Bangalore.

(3) The Industrial and Testing Laboratory, Bangalore (including the Pharmaceutical, Bitumen and Lac Sections).

(4) The Silk Filature and Weaving Factory, Mysore.

No. 38-39—C. B. 17-37-1, DATED 7TH JULY 1937.

He is required to devote special attention to the development of chemical industries in the State. His headquarters will be at Mysore and he will also be the Vice-President of the Dasara Exhibition Committee.

3. The Director of Industries and Commerce will be in charge of the remaining items of work of the department consisting of :—

(i) Assistance to private enterprise in the erection and maintenance of Industrial installations.
(ii) Grant of financial aid under the Industrial Loan Rules.
(iii) Industrial and Technical Education.
(iv) Postal and Telegraph facilities including the issue of licenses for wireless receiving and other installations.
(v) Review of the annual trade of the State.
(vi) Industrial and commercial enquiries and investigations.
(vii) Study of labour problems and administration of regulations affecting labour.
(viii) Administration of special regulations, *viz.*, those pertaining to (1) Weights and Measures, (2) Patents and Designs, (3) Examination of Boilers.
(ix) Department of Sericulture.
(x) Other industrial concerns under the control of the department.

4. Mr. S. G. Sastry, who is now officiating as Director of Industries and Commerce, will be the Officiating Director of Sandal Oil Factory on his present scale of pay, *viz.*, Rs. 1,000—50/1—1,200. Mr. M. S. Ramchendra Rao, Deputy Commissioner, Tumkur District, will be appointed Director of Industries and Commerce on his grade pay as Deputy Commissioner.

5. The Director, Sandal Oil Factory, and the Director of Industries and Commerce will, in consultation with each other, submit proposals for any readjustment of staff that may be necessary in consequence of the separation of the two offices and other allied questions.

M. VENKATANARANAPPA,
Secretary to Government,

Revival of the post of the —— .

READ—

Government Order No. I. C. 2633-92—I. & C. 121-22-1, dated 24th December 1922, sanctioning the reorganization of the Department of Industries and Commerce.

2. Government Order No. 7152-63—Seri. 92-26-1, dated 25th February 1927, transferring the control of the Sericultural Department from the Director of Agriculture to the Director of Industries and Commerce.

3. Government Order No. 1267-1317—C. B. 84-26-2, dated 11th October 1926, and Government Notification No. D. 678—I. & C. 45-31-1, dated 31st July 1931, appointing the Director of Industries and Commerce as the authority for dealing with problems relating to labour and designating him as Labour Commissioner.

4. Government Notification No. D. 6730—I. & C. 485-27-10, dated 28th December 1928, appointing the Director of Industries and Commerce as Commissioner under the Workmen's Compensation Regulation, for the Bangalore City, and also authorising him to receive reports from the other Commissioners and submit a consolidated annual report to Government regarding the working of the Regulation throughout the State.

5. Government Notification No. 2268—C. B. 88-30-2, dated 27th November 1930, placing the Director of Industries and Commerce in additional charge of the Office of the Director of Sandal Oil Factory.

ORDER No. 38-39—C. B. 17-37-1, DATED BANGALORE, THE 7TH JULY 1937.

Since the reorganization of the Department of Industries and Commerce in 1922, the duties of the Head of that Department have increased considerably in several directions, as a result of the establishment of new concerns under departmental management, the passing of new enactments in connection with the inspection of factories and boilers and regulation of the conditions of labour, the addition of the Department of Sericulture and the abolition of the separate post of Director of Sandal Oil Factory which for many years was held by a senior officer. Experience has shown that it is not possible for one officer to manage the Sandal Oil Factory and other departmental concerns efficiently and at the same time devote adequate attention to the varied and growing work of the department. While the industrial concerns have special problems of their own, which demand constant study and vigilance, the development of organised minor industries and the supply of commercial intelligence to the public are assuming increased importance.

2. In the circumstances, Government consider it necessary that the Director of Industries and Commerce should be relieved of the charge of some of the concerns so as to enable him to give adequate attention to the other items of work of the department. Government accordingly direct that the separate post of Director of Sandal Oil Factory be revived and that this officer be placed in charge of the following concerns :— .

(1) The Sandal Oil Factory, Mysore.

(2) The Soap Factory, Bangalore.

(3) The Industrial and Testing Laboratory, Bangalore (including the Pharmaceutical, Bitumen and Lac Sections).

(4) The Silk Filature and Weaving Factory, Mysore.

No. 38-39—C. B. 17-37-1, DATED 7TH JULY 1937.

He is required to devote special attention to the development of chemical industries in the State. His headquarters will be at Mysore and he will also be the Vice-President of the Dasara Exhibition Committee.

3. The Director of Industries and Commerce will be in charge of the remaining items of work of the department consisting of:—

(i) Assistance to private enterprise in the erection and maintenance of Industrial installations.
(ii) Grant of financial aid under the Industrial Loan Rules.
(iii) Industrial and Technical Education.
(iv) Postal and Telegraph facilities including the issue of licenses for wireless receiving and other installations.
(v) Review of the annual trade of the State.
(vi) Industrial and commercial enquiries and investigations.
(vii) Study of labour problems and administration of regulations affecting labour.
(viii) Administration of special regulations, *viz.*, those pertaining to (1) Weights and Measures, (2) Patents and Designs, (3) Examination of Boilers.
(ix) Department of Sericulture.
(x) Other industrial concerns under the control of the department.

4. Mr. S. G. Sastry, who is now officiating as Director of Industries and Commerce, will be the Officiating Director of Sandal Oil Factory on his present scale of pay, *viz.*, Rs. 1,000—50/1—1,200. Mr. M. S. Ramchendra Rao, Deputy Commissioner, Tumkur District, will be appointed Director of Industries and Commerce on his grade pay as Deputy Commissioner.

5. The Director, Sandal Oil Factory, and the Director of Industries and Commerce will, in consultation with each other, submit proposals for any readjustment of staff that may be necessary in consequence of the separation of the two offices and other allied questions.
